Pastor's Corner- Honoring those...

FATHERS: Father's Day is coming. We want to Honor those Fathers who make and made our lives meaningful for us. Fatherhood is when a man takes responsibility for his household and loves his children by providing for them, caring for them, and teaching them to be law-abiding and responsible adults.

USHERS: Ushers are important. We wanted to take this time to honor those who have served us so diligently. Don't let this moment cause you to lose that spirit. The church usher is often an overlooked figure in the world of regular Christian worship so I commend you for your volunteering in this position.

GRADUATES: Graduating Class of 2020, I know the last thing you want to hear right now is stay home. I just want to encourage you that right now and for the rest of your life stay close to home- physically, spiritually, and mentally. God Bless you as you celebrate this accomplishment we are celebrating with you. We are proud of you. Keep going all the way is my message to you.

God bless all of those who are participants in our online ministries. You keep us connected to our church family, and our Bible. We feel closer to our church and to God because of your work. We thank you and honor you.

Our prayers go out to the George Floyd family. His death has sparked protests globally as people demand justice and racial equality. The unjust killing of George Floyd combined with many other recent and distant events broke open painful wounds, hidden scars, and undeniable truths that are latent by-products of racism. May he rest in peace, and may we learn to live in the peace that only God can give to hearts, and let equality be the fruit of that seed.

"For it is God's will that by doing good you should silence the ignorant talk of foolish men. Live as free men, but do not use your freedom as a cover-up for evil; live as servants of God. Show proper respect to everyone: Love the brotherhood of believers, fear God, honor the king." 1 Peter 2: 15-17

Father's Day- Sunday, June 21, 2020

Between social distancing and worldwide quarantines, Father's Day will undoubtedly look much different this year. While you may have to restructure your plans, you can still create a special day.

Celebrate Fathers, Grandfathers, Uncles, etc. Cherish the relationship you have with your dad, or the men in your life and continue to pray for them. In this season of change, create your own traditions, and do what makes sense for you and your family. Have a Happy and Blessed Father's Day!

"The righteous man walks in his integrity; His children are blessed after him." Proverbs 20:7

Alzheimer's and Brain Awareness Month

Alzheimer's disease and other dementias are a major public health issue. Everyone who has a brain is at risk to develop Alzheimer's, the only leading cause of death that cannot be prevented, cured or even slowed. During the month of June, wear Purple and use your brains to fight Alzheimer's disease.

Alzheimer's is a disease that attacks the brain. It is defined by progressive mental deterioration that can occur in middle or old age due to generalized degeneration of the brain. It is the most common form of dementia. Because it is a progressive disease, symptoms gradually worsen over the years. In its early stages, memory loss is mild, but late-stage Alzheimer's can affect an individual's ability to communicate and respond to his or her environment.

Alzheimer's disease affects an estimated 5.5 million Americans of all ages. By 2050, this number could rise as high as 16 million. Every 66 seconds, someone in the U.S. develops Alzheimer's. Of those living with Alzheimer's disease, 5.3 million are age 65 and older. About one in 10 people age 65 and older has Alzheimer's. Almost two-thirds of Americans with Alzheimer's are women. **#endalz**

"Therefore we do not lose heart. Though outwardly we are wasting away, yet inwardly we are being renewed day by day." 1 Corinthians 4:16
